### Specialist Seating Rental

Rental of our dynamic specialist seating products is a brand new initiative from Kirton in response to increasing customer need for such a service.

Kirton are now able to facilitate rental of any of the dynamic seating range for a minimum period of 3 months. Participation in a rental agreement with Kirton will mean you are assured a newly upholstered chair that after the rental period can be returned quibble-free\*.

This new rental service is deemed particularly relevant for those whose needs are likely to change in a short period of time where it would not be financially viable to purchase a chair outright.

Chair rentals start from £200 per month\*\*.

- \* In acceptance with the current Rental Agreement Terms.
- \*\* Monthly rental charges are dependent on model of chair and accessories required. Other models will be considered on application
